RE: NED Grant No. 2013-807

Dear Mr. Munabi:

A review of our files indicates that all reporting requirements are complete for NED Grant No. 2013-807. The grant has been closed out and we have placed our files in inactive status.

Please remember that you must retain all grant-related materials for three years from the date the final financial report was submitted. This is required to ensure the availability of complete information should there be an audit or evaluation of this grant by one of NED's oversight agencies.

Students for Global Democracy Uganda may continue to use all non-expendable property (equipment) that may have been acquired with NED grant funds to further program objectives. Please note the reporting requirements for equipment described in Appendix C of the Grant Agreement, 22CFR145.34 (f) and (g). (or Appendix B.iii of the Grant Agreement, 22CFR145.34 (f) and (g) if the grant was issued after 2012)

If you have any questions, please contact Mariama Doussou Souare, Grants Officer. Thank you for your cooperation in completing the reporting requirements.

Sincerely,

Hamida Shadi  
Senior Grants Officer
